In Hawaii you will find a progressive American community enjoying close ties with our sister states throughout the United States mainland, yet the people of Hawaii still have, and will always strive to maintain the ancient traditions, the spirit of Aloha, and their genuine friendliness which have com-

PERMANENT FLAGPOLE OVER USS UTAH

President Nixon has signed into law as Public Law 91-156 the bill which authorizes the Navy to erect a permanent flagpole over the hulk of the USS UTAH at Pearl Harbor.

OUR 1970 CONVENTION IN NEW YORK

New York's taxi strike notwithstanding, Convention 1970 got underway in New York on December 4, 1970, with registration opening at 10:00 a.m. People from many parts of the U. S. were ready and waiting to register.

After registration the day was left to the members to look up old buddies and to look over the town. They were "cautioned" that a "get acquainted hour" would take place in the early evening.

Saturday brought the executive committee and State Chairmen together for a meeting. The evening again was open to a "hospitality hour" which was held in the Tudor Room of the Hotel Commodore. This was followed by an evening of leisure.

Sunday was taken up with the business meeting which was concluded with elections of national officers and district directors. The evening was again free with many members attending the Christmas show at Radio City Music Hall. Some of our members were invited to appear on Ed Sullivan's television show where Ed greeted the members and showed them "on camera".

Monday, December 7, 1970, brought forth sunny skies and the memorial services at Kings Point, Long Island. A very impressive service started with a three denominational service at the Merchant Marine Academy Chapel of the Three Altars. The services were started by Father Valenti, our own National Chaplain, and then followed by Jewish prayers by Dr. Jacob Philip Rudin and Protestant prayers by Chaplain Donald F. Kingsley, Jr., USN. Each Faith had its own altar for their part of the services. This was followed by

the President's Corner

My first words in this column must be to express my feelings to all officers and members upon my election as your National President.

The responsibility of the office is accepted with the resolution to discharge my obligation to the best of my ability; to represent and project the image of PHSA in a manner befitting the dignity of our membership and the memory of our missing shipmates and comrades; to uphold our National Constitution and By-Laws and continually strive to better our position. My personal "Thanks" to the many individuals who gave so freely of their time and effort during my campaign.

I should like to convey personal appreciation to outgoing National President Henry Shane and Vice President Jerry Gammon for four years of faithful and dedicated service to PHSA. Both of these men have offered their services in any capacity needed. The mark of true survivors. They can rest assured there is plenty of work to go around.

"Congratulations" to all the newly elected District, State and Chapter officers. May you all enjoy a pleasing and successful term of office.

For myself, our highly personable Vice President "Bo" Wilson and our every-day hero, Secretary-Treasurer John Berlier, we can only promise to do our best at all times to carry out our duties for your best interests.

With "Hawaiian Fun in '71" coming up this December and a national convention in New Orleans in 1972, the next two years promise to be very busy. Of course, these are the "fun" things over and above the business of our growing organization. The rapid influx of members into our PHSA will tax us all to cope with the situation. As we grow, our problems increase and it is certain that we will be required to gear our operational procedures to match.

It was my pleasure to accept on behalf of the National Office a handmade gavel and block in a hardwood fitted case. This piece was beautifully done in contrasting light and dark wood by Cedric W. Todd of Waterman, Illinois, a survivor of Wheeler Field. I am told there are some 60 hours of

labor in this project and the National Offices do hereby express their appreciation to Cedric Todd for this fine addition to our inventory. For the first time in our twelve years of existence, we have a gavel. Let us hope, Cedric, that it be used with equality and justice comparable to its beauty. Thank you.

Mr. Ray Emory, National Historian, on behalf of the Seattle Chapter, presented me with the "Royal Order of the Golden Paddle". About two feet long, made of wood and painted gold with black lettering that reads "That with which one should not be caught up the creek without one of". Maybe they thought I may need a way out. Only one of these paddles have ever been presented outside our Association and that one belongs to Honorable Senator Henry M. Jackson, State of Washington. These paddles are the handiwork of Ray Schmilski, Seattle Chapter member and survivor of Ft. Shaft. Thank you, Seattle Chapter.

The next event was the evening's Memorial Banquet with The Honorable John H. Chafee, Secretary of the Navy, as our guest speaker. This was followed by swearing in of national officers and district directors by outgoing national president Henry Shane. After the retiring of the colors, entertainment was furnished by a Hawaiian troupe direct from Hawaii and hosted by Jo Elliot of FitzPatrick Travel Service. The evening was concluded with dancing to Ray Bloch's orchestra climaxed by a fond "ALOHA" until next year in Hawaii — HAWAIIAN FUN IN '71!

PHSA LICENSE PLATES

Many of us are getting license plates for the year of 1971. We might as well go-all-out and get a PHSA license plate.

The PHSA plates are the same size as the state plates. The lettering "PEARL HARBOR SURVIVORS" are in black, the PHSA seal is in blue with a white background. These plates are very attractive. Every member should be proud to have one to display on their car(s).

The price of the plates are \$2.00 each, including postage and handling.

Please make your check payable to Keystone Chapter No. 2, PHSA - and mail to: David P. Bedell, 209 Oak Drive, McKeesport, Penn. 15131, or to James C. Kline, 404 Cavitt Avenue, Trafford, Penn. 15085.

ATTENDS CONVENTION — NO LUGGAGE

Yes, it can and does happen — but not often.

Jim Sinnott (Ford Island) arrived in New York City after a good flight from Spokane, Washington, ready and eager to meet old PHSA friends and have an enjoyable time at the national convention.

Jim went to claim his baggage at the airport but found it had not arrived with him. So, the airlines put a tracer on his luggage — it was found in Rome, Italy.

Better luck in Hawaii, Jim!

TORA! TORA! TORA

Past National PHSA President Henry Shane presents a Certificate of Appreciation for the filming of "Tora! Tora! Tora!" to Darryl F. Zanuck, president Twentieth Century-Fox Film Corp. Left to right: George E. Elliott, Jr. (the radarman who detected the Japanese planes but whose warning was not followed through,

National President E. Raymond Glover, Past NP Henry Shane, National Secretary-Treasurer John C. Berlier, Darryl F. Zanuck; Joseph Hydrusko, Past 8th District Director, and film producer Elmo Williams.

MORE REPORTS OF "TORA! TORA! TORA!"

"I was amazed at the production made of the movie "Tora! Tora! Tora!" As an eyewitness on the attack of Pearl Harbor from the Submarine Base, I would say that its motion picture is the best showing of what actually happened. I would highly recommend everyone to see it," Norman C. Lessard (Submarine Base).

"Toraiffic - Toraiffic - Toraiffic," Steve L. Datko (Fort Shaft-er).

"I found the low flying attack scenes very realistic. We saw it from the ground looking up, now almost 30 years later we saw it from the top looking down," Paul Skaritka (U. S. Marine Corps, Pearl Harbor parade grounds).

"I feel that the picture is as well an authenticated version as is possible. Having watched the attack from the deck of the Neosho tied up at Ford Island, I am sure it could have not been more authentic. I do believe, however, the matter of method of dispatches regarding the possible warning of the attack were a little too improbable. I do agree in the actual happening, there was much bungling as to warnings. All in all, I enjoyed the picture thoroughly and it certainly brought back memories even though they were unpleasant ones," Harry Kanter (USS Argonne).

"The first half must certainly have been a revelation to the survivors — one of incompetency in higher echelons. The second half portrayed the action fairly accurately except for the devastation to personnel and the action on the USS SOLACE which received the Navy Unit Citation for its efforts (Incidentally, no one ever cites the SOLACE in any of the reports. Was it too gruesome?)" Sidney C. Liedman, Captain, DC, USN, Retired (USS Solace).

"Tora! Tora! Tora!" is a magnificent picture, well told in most respects. I did not agree to some of the parts of the story that related to the bombing of islands itself. Specially the story of LT.'s Welch and Taylor, but the political aspects were well told. This movie should be a must for everyone, and it should be shown to every American history student in the United States", Cedric W. Todd (Wheeler Field).

The gavel, block and case was made from black walnut, white ash and birch locally grown and sawed in Waterman, Illinois. The gavel and block has a brass band heated and shrunk on.

CALIFORNIA HAM MIXES BUSINESS WITH PLEASURE

John R. Thomas, Los Angeles Chapter No. 1, California, uses his amateur radio trying to contact Pearl Harbor Survivors.

John, known as WB6YID by his HAM friends, operates mostly on 15 or 20 meters in the evening after 6:00 p.m.

John has asked many of his contacts through the states to place notices on the bulletin boards articles in their company papers in order to spread the word of the PHSAs existence. This is just another means of communication and John is always trying to contact Survivors who may live in the rural areas where possibly they are unaware of the PHSAs activities. He has been supplied with a list of PHSAs State Chairmen which he uses for quick reference when contacts are made with other P.H. Survivors.

John was a Boatswain Mate on the USS Oklahoma and is looking forward to seeing some of his shipmates in Honolulu, December 1971. His address is: 3028 N. Valley View St., Orange, Calif. 92665.

RECRUITS 100-PLUS

Our congratulations to James Tracy for sponsoring more than 100 new members into PHSAs.

Jim was asked about his recruitment tactics and he told me — he spreads the news of his chapter and PHSAs functions in the newspapers, on the radio and in making television appearances. He puts out posters in public places letting everyone know that there is a PHSAs and lists a couple of telephone numbers for interested survivors to call. Jim, also stated, that his chapter members have

James E. Tracy

helped him a great deal in his successful recruitment.

On December 7, 1941, Jim, a Signalman, was in the 0800 liberty launch alongside the USS Whitney (his ship) to go ashore — but, he never made it.

Today, Jim and his wife, Margy, reside at 1600 Chestnut Avenue (Apt. 11), Long Beach, Calif. 90813. They have two sons, Ronald and Jim.

Jim has served three years as a trustee of Los Angeles Chapter No. 1 and is currently holding the chapter office of vice president.

Yes, Jim is now working on his second 100 new members — and, I think he'll make it before the contest closes September 30th, 1971.

By - Adm. R. H. Jackson

Admiral Jackson was at the age of 75 years and retired from the Navy when the attack started on Pearl Harbor, December 7, 1941, although he was there and witnessed the attack.

Here is the Admiral's report, dated December 12, 1941, addressed to: Commander-in-Chief, United States Fleet — Subject: Attack on Pearl Harbor from 0755 to 0930, 7 December 1941:

"1. The following account of the attack was observed from the wharf in front of my house at 649 Coral Avenue, Pearl City Peninsula and from the doorstep of the house. The house is opposite the Lexington's berth at Ford Island. The first attack started at 0755 and lasted for about 45 minutes; the ships having just hoisted the "preparatory" for colors.

2. At the sound of a bomb explosion at 0755 I went out on the wharf, which runs about 150 feet toward the channel.

3. I noticed at once the line of ready planes on the South end of Ford Island were burning with heavy smoke.

4. Then I noticed an explosion in the channel opposite the Utah. Soon the Utah began to list very slowly at first; and about the end of the first attack she heeled rapidly, suddenly capsized, rolling away from the dock. A few seconds later a heavy explosion came from the hull, toward the shore. As the ship heeled her small crew on board escaped toward the shore.

5. During this period the Raleigh seemed to be settling and heeling slowly.

6. I saw no overhead bomb attack on either of these ships and I do not know how the Raleigh was damaged.

7. During this attack practically all planes had leveled off as they came down the Northwest shore of the peninsula, passing over three nests of destroyers and apparently heading directly for the Lexington and the Curtiss berths. Several of these planes flew quite low and not much higher than the Curtiss' masts, and banked to the right as they left the harbor.

8. At the end of the attack about

0830 a formation of 6 or 9 planes at safe height circled the harbor, apparently to observe the effect of the attack. Heavy gunfire was directed at them without effect.

9. About 0900 a second and much heavier attack was directed from the Northwest again. This attack was especially against the Curtiss. That ship was twice set on fire and while extinguishing them, the ship maintained a brisk fire from her forward battery.

10. During this attack bombs dropped on both quarters of the Curtiss; another crashed on her boat deck on the port side.

11. A plane coming very low under hot fire from across Ford Island, apparently out of control smashed into the Curtiss on her starboard side and sank.

12. In the second raid about 0900 to 0930, the Curtiss was the espe-

cial target. During this period she opened fire on her starboard quarter on a reported submarine.

13. A destroyer came up and skillfully dropped a depth charge between her own stern and that of the Curtiss. Though the Curtiss surged forward heavily and the destroyer's bow was driven toward the beach, neither vessel seemed damaged by the depth charge which was well placed to destroy the submarine reported there.

14. During this period the Curtiss used her damage control skillfully and her forward battery was well handled despite two fires caused by bombs.

15. Information through her loud speaker was well broadcast by her throughout the attack.

16. This attack was pressed on against the Curtiss through heavy

gunfire. Little attention seemingly was given by the attackers to the three nests of destroyers and the Medusa which intervened, nor did I see any attack delivered against the converted patrol tender lying at Ford Island between the Curtiss and the Raleigh.

17. The Curtiss was energetically and skillfully handled throughout both attacks and her broadcasting was excellent.

18. No mention is made of incidents in battleship channel as I was not favorably placed to report them and there were many observers at that point.

R. H. JACKSON,

Rear Admiral, U.S. Navy (Ret)."

Today, Admiral Jackson is 104 years of age and resides in San Diego, California.

USAF SURVIVOR RETIRES

It all started in December 1939 with a six-year hitch in the Navy.

At the time of the attack on Pearl Harbor, Donald E. White (Electrician Mate Second Class) was assigned to the Degaussing Division, Pearl Harbor Navy Yard.

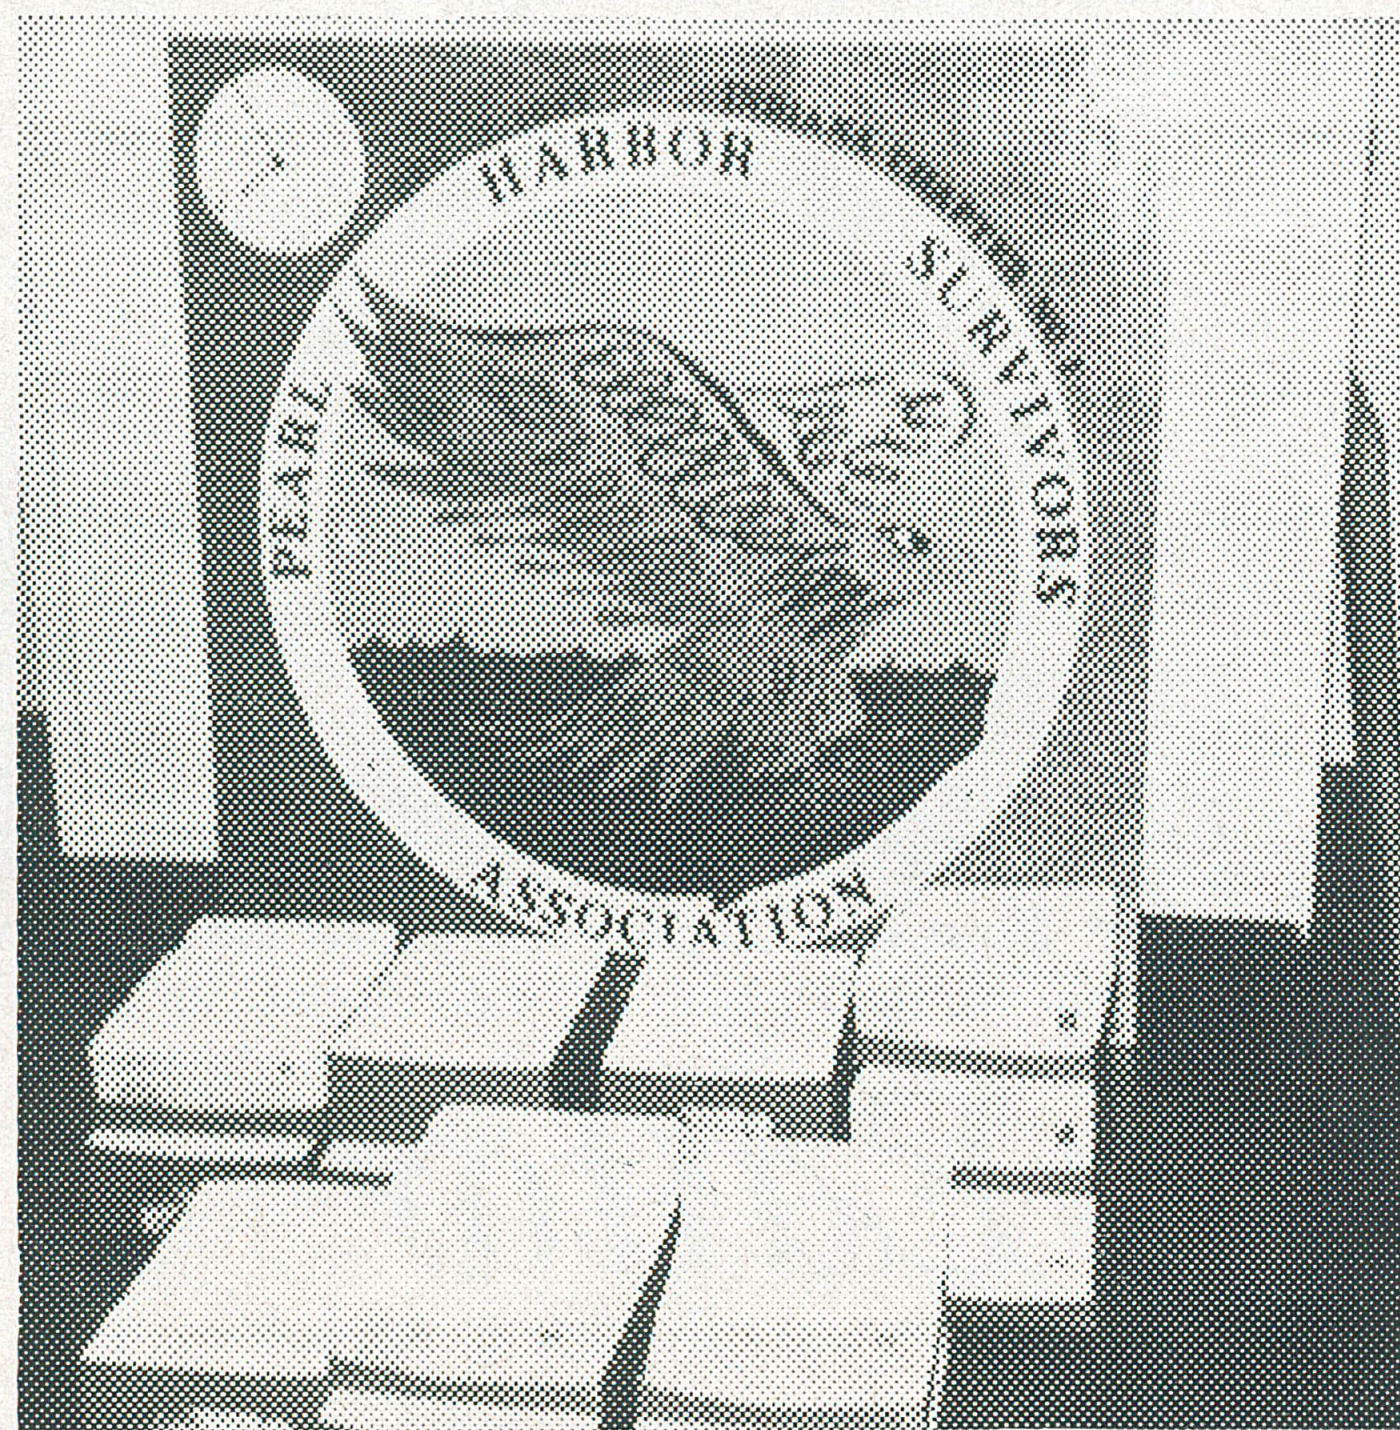

Don was discharged from the Navy in 1945 as a Chief Electrician Mate and entered in the U. S. Air Force in 1946.

After 30-plus years of military service, Don retired December 31, 1970, with retirement ceremonies at MacDill Air Force Base, Florida.

CWO White and his wife, Mozelle, are making their home at 11300 Sixth Street East, Treasure Island, Florida.

The national office would like to receive more comments from the members giving their opinions for or against a museum and any comments they desire to give.

What is your opinion?

Members of the Wisconsin State Chapter, their families, friends and guests assembled Sunday morning, December 6, 1970, at 7:30 a.m. at the War Memorial Center, Milwaukee, for their joint memorial services with the Navy Club, U.S.A.

The wreath laying ceremony was presented by Congressional Medal of Honor Winner Gary Wetzel and Hartford Moulton, vice president of Wisconsin PHSA Chapter.

Four choral renditions were offered by the Delco Electronics Male Chorus. The Imperials of St. Patrick Drum and Bugle Corps tendered taps and muffled drums.

Military honors were given by the USMCR 96th Rifle Compe, 440th Troop Carrier Wing, Runge Brothers Post of the VFW, and the Fleet Reserve Association.

More than 150 people attended the service despite the low temperatures and strong winds.

Our dedication to the memory of our departed comrades December 7, 1970, at Kings Point is one long to be remembered. The ceremonies on that day, the main reason for our being in existence, points out the excellent job done by our host chapter, too, Remember Pearl Harbor — Keep America Alert.

We also wish to thank you for allowing our flags to be used at all functions of the convention."
