President's Corner

In the January 1971 issue of the GRAM, this column made reference relative to the rapid influx of members into our association, the problems this growth represented and the certainty that our operational procedures would require changes to cope with the situation.

Notwithstanding the fact that a Hawaiian Reunion and also a national convention in New Orleans consumes much time during this term of office, the importance of improving our position in this regard has not gone unnoticed nor unattended and some accomplishment to this end has been experienced. Time and circumstance have prevented the desired progress in this area. However, all effort is being expended toward constructive and beneficial applications of common sense improvements whereby the status of our association may remain stable and effective in our endeavors on a daily basis and that our future as an association with a message of importance to the American public be assured.

In our association's 14 years of existance, we have held together in a remarkable fashion considering the growing pains encountered along the way. Having overcome these somewhat disheartening episodes one by one, with sometimes nothing more than faith in our organization, our only weapon, we have arrived at a point in our history from which we must make some decisions by which we may govern ourselves on a more solid and tangible foundation. It is to this goal that we must address our efforts. We may find that we will be required to depart from some of our past precedents to more forceful and perhaps drastic measures to ensure self government and perpetuity.

The national convention in New Orleans this coming December promises to be very interesting and hopefully will become a milestone in the history of our association. Recommendations on issues for the betterment of the association will be of prime concern and with faith in the good judgment of my fellow Survivors, this writer feels we will all come away with a sense of real accomplishment for PHSA.

Yours in PHSA
Ray Glover

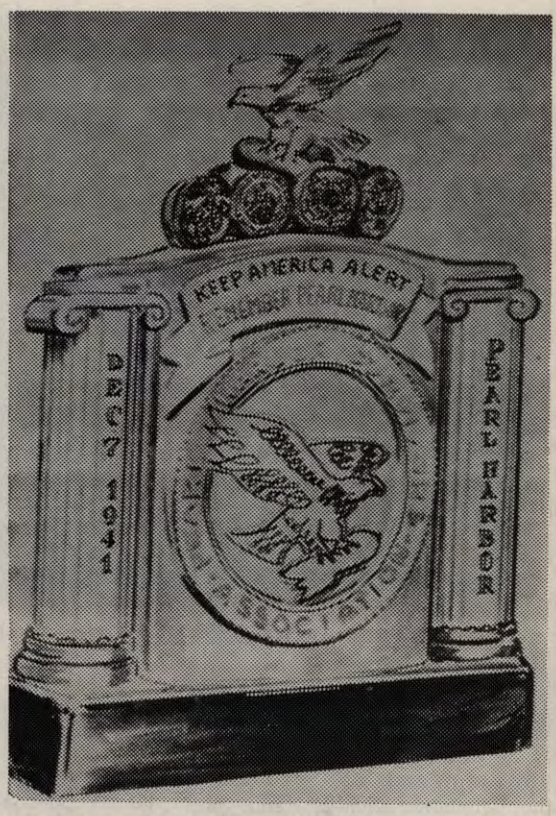
PHSA DECANTER



The Jim Beam Distilling Company has informed us that the PHSA decanter will be on the market this spring. The exact date and quantity are not known at this time. The decanter can be purchased only through a retail outlet store. The fair trade price is $10.95, although some retailers may charge more. An unknown quantity will be produced and then the mold will be broken. Then the decanters become collector's items and the price goes up. Vice President Richard C. Crawford of California Chapter No. 14 is the designer for the decanter. Dick's address is: 11102 Tarawa Drive, Los Alamitos, California 90720.

LIFE IS STILL SWEET!

Hayne L. Moyer was born August 20, 1916, on a farm in Aiken County, South Carolina, and attended schools in Johnston and Ridge Spring.

He joined the navy in 1938 and received his training at Norfolk. His first ship was the USS Nitro in 1938.

In early 1941, he was transferred to the USS California as a second class water tender and was assigned to "B" Division, No. 1 boiler room, until December 7, 1941. Five days later he was aboard the USS Chicago for duty where he remained until she was sunk. He put the USS Reno into commission and was aboard her until she was hit. Then he put the USS Tucson into commission and served aboard her until the close of the war and was discharged from the navy as Chief Water Tender.

Hayne has been employed by Superior Electrocast Foundry and Concise Castings until December 11, 1970, on which date he entered the hospital.

After two weeks in the hospital, Hayne was told "I had two choices, go on a kidney machine or go home and forget it." His wife, sons and daughter encouraged him to fight, and he has ever since.

Bills came in fast and the insurance money went fast. Each kidney treatment was $200, sometimes doctors received $60 a day. This was a big worry to Hayne and he saw no way how he could buy a kidney machine.

Helen Riddle, wife of a PHSA member, visited Hayne one day and told him, "Stop worrying you are going to get a kidney machine."

A PHSA committee was appointed by John Dierks and composed of Bill and Helen Riddle, Jim and Frances Reed, and George and Elizabeth Saunders. They asked funds from PHSA chapters and business associates to come to Hayne's rescue. And, they did! It was a big boost to Hayne's morale.

Hayne tells me, "It's still a struggle sometimes. I use the machine three times a week and my son and daughter help. A typical day is — I start the machine and wash with saline, make chemical tests etc. which takes about an hour. My daughter comes and I hook up to the machine or putting me on as we call it, this is about 12 noon. My son comes home from college at 2:00 p.m. and stays with me until my wife comes home from work. I come off the machine between 8:30 to 9:00 p.m. and we then clean and store the machine until the next time. It takes about an hour to clean the machine. It is a two-man operation. I have to be dialysised for eight hours each time. Once a week we have to rebuild the machine and that takes about 1½ hours."

Hayne keeps busy by working a little in the yard and house. He writes lots of letters, mostly to Pearl Harbor friends. He is able to attend local chapter meetings. He is growing orchids as a hobby and lately has a house full of parakeets which he keeps outside (finds them too messy in the house).

Hayne says "Thanks to so MANY MANY GOOD FRIENDS. LIFE IS STILL SWEET, and we do very well."

NORFOLK CHAPTER CO-SPONSORS DEC. 7TH MEMORIAL SERVICES

A wreath settled into Hampton Roads memorializing the date, thirty years ago, December 7, 1941, when carrier-launched Japanese planes attacked Pearl Harbor and other military installations on the island of Oahu, Hawaii.

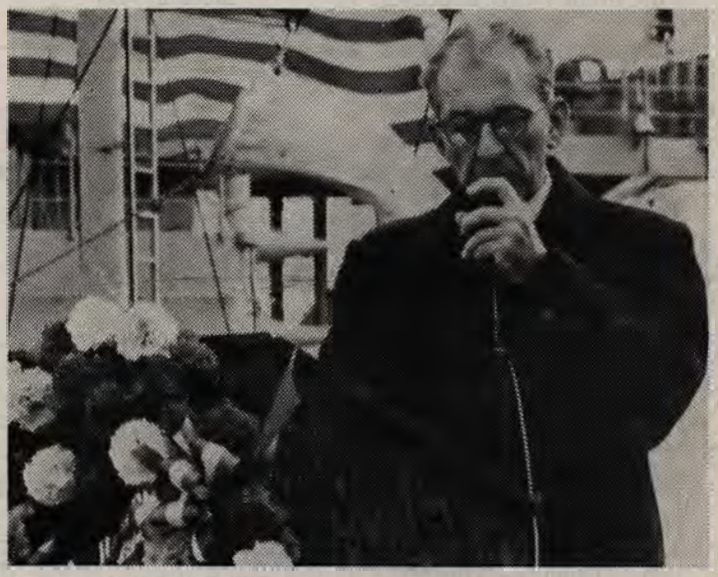
Members of Chapter 2 Tidewater Area and others, their collars turned high against the cold, watched a helicopter, pick up a wreath from the Navy Command Ship, USS Mount Whitney, and fly it away to a watery grave.

(Left to right) Jim Martin, president, Norfolk Chapter 2; John Delia, treasurer, Norfolk Chapter 2, Frank Chebetar, program chairman, PHSA member, T. Ledoux, PHSA member, unidentified member of ship's company — presents floral wreath for pickup by helicopter.) (Official U.S. Navy Photograph)

Marine Corps rifleman fired three volleys, and Navy bugler sounded Taps aboard the Mt. Whitney.

The memorial service, first of its kind in the Norfolk-Newport area, was co-sponsored by Chapter 2, Virginia, and Captain Orlie G. Baird, commanding officer of the Mt. Whitney, flagship of Rear Admiral Moore.

CHAPLAIN RAYMOND C. HOHENSTEIN



Chaplain Hohenstein (Capt., USN, Ret.) of Bethesda, Md., who conducted the ceremony aboard ship, weathered the attack on Pearl Harbor from his post on the battleship USS California. He was also present at the signing of the Japanese surrender on the USS Missouri on September 2, 1945. Jim Martin, president of Chapter 2, gave the closing remarks, and the ceremony concluded with the Pearl Harbor Prayer. (Official U.S. Navy Photograph)
